"Number 5 Destination Spa in the World"
- Travel + Leisure Magazine Reader's Poll

This rugged 18-hole championship course, aptly named given it was chiseled around and through a former quarry, is for the golfer who embraces a challenge. It is one of the few quarry courses in the United States.

The greens are expansive, fast and true, and impeccably maintained, with five sets of tees to satisfy scratch golfers to resort guests.

The 9-hole Woods Family Course offers a more casual pace, with an island green that is a favorite!

In 2014, Wild Rock landed on Golfweek Magazine's "Best State-by-State Courses You Can Play" Top 10 list, putting it in the company of the storied courses at Kohler and Erin Hills.
